

# CabinetBed<sup>TM</sup> INC.

Your Space Saving Sleep Solution<sup>TM</sup>

## THE ELITE SERIES

The All New Elite series from CabinetBed<sup>TM</sup> is here!

**A bed on demand**

CabinetBed™ goes from a great looking piece of furniture to bed in 30 seconds or less and can be closed up just as fast. Its perfect for any overnight company and provides a great sleeping experience.

# Your Space Saving Sleep Solution

CabinetBed™ is proud to introduce a new generation of CabinetBed™

The CabinetBed™ is really simple to use. One person can open the bed in 30 seconds. CabinetBed™ comes with high quality hardware and hydraulic lifts for easy opening and closing. The beds can support flat screens up to 60 inches. Your tv will not need to be moved regardless if the bed is open or closed.

Unlike a Murphy bed which must be permanently installed to use, CabinetBed™ can be moved to any room of your home or, if you decide to move, the CabinetBed™ can go with you!. This gives CabinetBed™ a major benefit compared to Murphy beds. You can move your CabinetBed™ to your den, home office, or any other room in your home.

# A look for everyone

# 3 Styles To Choose From

CabinetBed™ is designed to compliment your home. During the day it looks like a great piece of furniture, and then in 30 seconds becomes an instant bed on demand.

Made with solid materials like birch plywood, CabinetBed™s are elegant and attractive. You can easily add CabinetBed™ to any room of your house to and it will fit right in!

With Three styles available in multiple finishes, there is a CabinetBed™ for every home

## Your spare room

The versatility of CabinetBed™ has made small space living practical. It can be used in cottages and apartments to suburban homes, wherever people are reclaiming their spare rooms.

### Comfort

Our mattresses are not only CertiPUR-US Certified and durable, they're also gel infused to ensure your guests' experience ultimate comfort

CabinetBed™ Goes from being a beautiful looking cabinet, to a bed in 30 seconds or less! With the biggest storage drawer in the industry, 59" X 18" X 9" there is plenty of room for all your linens, blankets and pillows.

The patented side panels also open a full 180 degrees for a more open sleeping experience.

There is a convenient USB powerhub built into the side of the CabinetBed™ which is great for charging phones and plugging in lamps or any other devices.

CabinetBed™'s mattress cover is made of bamboo and is both removable and washable.

When you see the CertiPUR-US® seal, you can be confident that the flexible polyurethane foam inside meets CertiPUR-US® standards for content, emissions, and durability, and has been analyzed by an independent and fully accredited testing laboratories. That means the foam is made free from nasty BPA's, mercury, other heavy metals and formaldehyde.
